

HOW TO Choose Your CASAMBI Components

WHY USE CASAMBI?

- All models are controllable through a mobile app via iOS and Android with detailed controls to make the system you need
- All models work together since they are part of the same system under the same network
- Ability to create a controlled timed system (i.e. having lights turn on, off, and/or dim on a schedule)
- Pairs well with Diode LED drivers

CASAMBI PWM4 DIMMER & COLOR CONTROLLER

Best used for:

Recommended Driver:

Constant Voltage Driver

VLM SERIES CONSTANT VOLTAGE LED DRIVER

Wiring Diagram:

CASAMBI ASR 0-10V DIMMER

Best used for:

Recommended Driver:

0-10V Driver

OMNIDRIVE® X DIMMABLE DRIVER

Wiring Diagram:

CASAMBI A2D 0-10V DIMMER

Best used for:

Recommended Driver:

0-10V Driver

OMNIDRIVE® X DIMMABLE DRIVER

Wiring Diagram:

CASAMBI TED HIGH VOLTAGE DIMMER

Best used for:

Recommended Driver:

High Voltage Dimmer Driver

OMNIDRIVE® ELECTRONIC DIMMABLE DRIVER
